

ENVIRONMENTAL POLICY STATEMENT

BONDFIELD CONSTRUCTION COMPANY LIMITED is committed to operating in an environmentally responsible manner. We regularly review the operation of our facilities to ensure efficient use of resources and reduction of unnecessary adverse effects to the environment. In order to maintain optimal environmental working conditions in all of our workplaces, **we are committed to:**

- Ensuring employees understand their roles and responsibilities
- Holding our contractors and subcontractors to the same high standards
- Identifying, assessing and managing significant environmental risks and integrating environmental considerations into our decisions
- Reporting environmental incidents and taking immediate action to mitigate environmental impacts
- Investigating to help us achieve our business objectives

BONDFIELD CONSTRUCTION COMPANY LIMITED complies with applicable environmental legislation, regulations and municipal by-laws, as amended from time to time. We encourage efficient use of resources and prevention of pollution in the design, construction and operation of our projects. We continue to strive for continuous improvement of our environmental management system and performance.

John Aquino, P.Eng., Vice-President and General Manager
